

# Kyabram & District Health Services

## PRESS RELEASE

18 March 2005

### Health Service Board Welcomes New Doctors

Last week, on behalf of the Board of the Kyabram and District Health Services, Doug and Glennys Crow threw open their house to greet two new doctors to Kyabram. The Board of Kyabram and District Hospital were keen to complement their official welcome with an informal one. Dr Bill Dwyer recently left the Flying Doctor Service and will shortly be joined by his wife, Sarah, who is currently holidaying abroad. We wonder if Sarah will be joining him on his early morning bicycle rides that are a feature of his new life. Dr Aung Gyi was also welcomed at the barbecue. Dr Gyi, who trained in South Africa, joins his brother Dr R Yu, who has recently completed his first year here in Kyabram.

The Board also took the opportunity to welcome Kim Turner, the new Deputy Director Nursing. Kim and her husband hail from a small town in England and have deliberately chosen to live in a small town here in Australia. Kim understanding the importance of community involvement and is looking forward to getting to know Kyabram and it's people.

Much fun was had by all watching first timers trying to hit a golf ball and only Doug Crow and John Neale, the health service's Treasurer, could hit a golf ball anywhere near the par 3 flag! Indoor sports, such as pool, proved easier for many of the guests. As could be expected the BBQ was excellent with no charcoal to be seen!

The Board of KDHS encourages the community to invite new settlers into the life of the community, as this will encourage health professionals to want to make Kyabram their long term home. !
